## MATERIALS:

White Terry Cloth Beach Towel

1 Tote bag

Simply Spray – Brite Orange

Simply Spray – Brite Yellow

Chunky Stamp in Sun shape (optional)

Acrylic Fabric Paint  
in Orange and yellow (optional)

Newspapers

# Sunburst Beach Towel & Tote

Designed for Simply Spray by Linda Peterson

*Design your own unique fabric quickly and easily, even if you think you have no artistic talent!*

**HINTS:** Lay out newspapers to protect surfaces or do this in the yard on a warm summer's day. You may want to practice on very inexpensive muslin before spraying your towel.

## BEACH TOWEL:

Lay towel out flat. Place fingers in the center of beach towel and twist clockwise.

Beginning in the center, Simply Spray orange fabric dye onto towel ending the spray off the towel. Repeat with yellow spray.

Open up to reveal pattern. You may twist again in the same area or another area of choice and repeat the above steps to create a variation in design.

Paint orange fabric paint onto center of sun stamp. Paint yellow fabric paint onto the outer edges of sun's rays. Stamp where desired. This project was stamped in all four corners.

## TOTE BAG:

Simply Spray yellow around edges of tote back on front and back. Stamp sun pattern into the center with chunky stamp.

Allow to dry approximately 30 minutes. We recommend that you wait 72 hours to wash.

Take it to the pool and you'll be a hit with all your friends!
