Elegant Placemat and Napkin

Designed for Simply Spray by Linda Peterson

*Design your own unique fabric quickly and easily, even if you think you have no artistic talent!
Use this technique in home décor projects such as tablecloths, placemats, runners & napkins!*

One yard of muslin is inexpensive and allows you enough fabric to practice your technique.

Cover your entire work surface with newspapers.

Cut muslin into four equal pieces. This will give you practice swatches.

Paint a thin coat of dishwashing liquid onto the stamp. Stamp placemat/napkin. Repeat this step for each stamped design. Always reapply dishwashing liquid before stamping a new image.

When entire placemat/napkin has been stamped. Apply Simply Spray Olive Green in small areas. Lightly spray on Stencil Spray Gold Glimmer to give the placemat a sparkling look.

Let the paint completely dry. When dried, place in washing machine or wash by hand. Let dry.

Apply acrylic paint in color of choice to chunky stamp. Stamp design onto placemat/napkin. Let dry.

MATERIALS:

Simply Spray Olive Green

Stencil Spray Gold Glimmer

1 yard muslin fabric

Blank placemat and napkin:
white, ivory or linen color.
We chose linen placemats with
beaded edges and matching napkins

Beaded ribbon (optional embellishment)

Adornments Fibers in matching colors
(optional embellishment if adding beads)

Chunky foam stamp in leaf pattern.

Acrylic paint in coordinating olive green

Dishwashing liquid

Newspaper

Paper towels

Sew beaded ribbon onto sides of placemat if desired. Cut Adornments fibers into 3" strips and tie around beads for extra embellishment.

If your placemat is already beaded, simply tie fibers around bead strands.

Embellish napkin with your favorite napkin ring holder.
