# Flag Shirt

*Design your own unique apparel quickly and easily, even if you think you have no artistic talent!*

See our [Demo Video](#) page to watch this project!

## MATERIALS:

1 shirt any style,  
preferably 100% cotton

1 can Simply Spray Blue Jay

1 can Simply Spray Poppy Red

newspaper

paper towels

Instructions:

Lay shirt flat on surface protected with newspaper.

### Make the "Stars"

Scrunch the top half of the shirt with your fingertips.

Remove safety tab from the can of Simply Spray - Blue Jay and evenly spray only the scrunched upper area of the shirt.

Pick up the shirt and cover your work area with clean paper.

Lay shirt flat.

### Make the "Stripes"

Focusing on the bottom half of the shirt, begin fan-folding vertically by pulling fabric from under the sleeve. Make even folds and gather fabric like a fan.

Remove safety tab from the can of Simply Spray - Poppy Red and evenly spray onto the folded bottom area of the shirt.

Avoid spraying blue onto the red area.

Lay flat to dry. Wait 72 hours before washing. Turn inside out when washing and do not use fabric softener.

This design looks great on shirts of all sizes!
