

Red Hat Purse

Designed for Simply Spray by Linda Peterson

Design your own unique fabric quickly and easily, even if you think you have no artistic talent!

For project ideas,
visit www.simplyspray.com

Designers Note:

Choose a tote pattern with simple lines. This technique can also be used on a purchased canvas tote. Instead of sewing the fabric can be glued along the seam allowances and allowed to dry.

Designing the Red Hat fabric:

Cut the fabric in half. Use one half to practice your designing technique. When desired pattern is achieved, repeat the pattern onto the second half and use this half as the purse fabric.

Apply hair glaze to chunky stamp. Stamp onto fabric. Repeat until fabric is covered with desired pattern.

Spray entire fabric area with Simply Spray - Poppy Red in an even layer. Allow to dry.

Repeat for darker red if desired. As the fabric dries you will notice the subtle pattern begins to appear.

Follow instructions on your desired tote pattern.

Sew boa around entire opening perimeter of purse/tote.

Embellish as desired.

MATERIALS:

Simply Spray - Poppy Red

Chunky Stamp of choice

Hair styling glaze

Paint brush

2 1/2 yards 100% heavy cotton muslin

Simplicity pattern 5567
or tote pattern of choice
(and notions as noted on pattern)

Black handles

Purple Boa
